

<p>Newmarket-Tay Power Distribution Ltd.</p> <p>Conditions of Service</p>	<p>Number: NT POWER COS-370-01</p> <p>Issue Date: July, 2007</p>
<p>Embedded Distributor</p>	<p>Next Review Date: February, 2015</p>

1. Preamble

An *embedded distributor* is a *distributor* who is not a *wholesale market participant* and that is provided electricity by a *host distributor*.

2. Embedded Distributor (effective as of Open Access)

The terms and conditions applicable to the *connection* of an *embedded distributor* shall be included in a *Distribution Services Agreement* and *Settlement Agreement* with Newmarket-Tay Power Distribution Ltd. (NT POWER).

3. Long Term Load Transfer

It is NT POWER's intention to transfer, or *connect*, all existing long term *load transfer Consumers* from or to its *distribution system* within 5 years of the *Distribution System Code* coming into full force. No new long term *load transfer Consumers* will be *connected* to NT POWER's *distribution system*. However, NT POWER will consider short term *load transfer connections* provided that the requesting *distributor* (as that term is defined in the *Electricity Act*) or the *Consumer* enters into an agreement, on terms satisfactory to NT POWER prior to the *connection*.
